## DUCKS DON'T CARE

Ducks don't care what the sign says: when they're hungry they hunt for food in the most likely place. While there

may be food for ducks in this Okanagan site, there certainly isn't any kind of ice, let alone thin ice, and the sign is a

hangover from the area's long winter. It will be removed shortly. (Courier Photo)

## U.S. Forces Cut Again In Vietnam

SAIGON (AP) — American troop strength in Vietnam dropped another 5,400 men last week, falling below 300,000 for the first time in more than 4½ years, the U.S. command reported today.

The command said there were 296,500 U.S. servicemen in the country last Thursday, compared with 301,900 a week before. It was the lowest total since Aug. 13, 1966, when the total was 296,000.

U.S. troop strength is to be cut to 284,000 by May 1, and President Nixon announced last week that 100,000 more troops would be brought home between May 1 and Dec. 1.

In the war zone North Vietnam, troops shot down an American helicopter 90 miles south of Da Nang Sunday, trying to ambush U.S. infantry, trying to reach it. The U.S. command said 11 Americans were killed and eight were wounded.

Perhaps 100 to 150 men of the American Division were in the rescue force.

The North Vietnamese, lying in the jungle hills, ripped into the lead column with rocket grenades and small-arms fire. U.S. helicopter gunships, fighter-bombers and artillery broke up the attack.

The U.S. command said one helicopter crew member was killed and two others were wounded in the crash, while 10 Americans were killed and six were wounded in the ambush.

Three other U.S. aircraft were shot down Sunday while supporting South Vietnamese forces. One American was killed and one was wounded in three crashes. The loss raised to 7,710 the number of U.S. aircraft reported lost in the war.

A U.S. Navy A-7 fighter-bomber attacked a surface-to-air missile site in North Vietnam 30 miles north of the demilitarized zone when it threatened a flight of American warplanes bombing entry points to the Ho Chi Minh trail in the upper Laotian panhandle, the U.S. command reported.

## Regina Suffers Major Floods After Heaviest Spring Runoff

REGINA (CP) — A heavier-than-usual spring runoff from Wascana Creek caused major flooding in several areas of the city Sunday and turned other areas into quagmires.

Citizens are battling to control the flooding, regarded by some observers as the worst in the city's history. The peak flow in the creek still is expected.

The flood-swollen creek poured over its banks early Sunday and as many as 100 houses in the River Heights residential area were believed flooded. There was no immediate estimate of damage. Families were evacuated. By Sunday night the creek had affected three other residential areas but not as many homes were involved.

At one time Sunday more than 525 persons joined the fight but the number had dwindled to 450 early today.

Among the volunteers were 200 private citizens, 100 men from Regina militia units and 125 men from the RCMP barracks.

About 150 of the workers were at the city yards Sunday filling sandbags with the others working on dikes.

ing on dikes. About 125 men from the Moose Jaw Canadian Forces have swelled the ranks later Sunday with others en route from the base at Dundurn, 130 miles north.

Flood forecasters with the Saskatchewan Water Resources Commission said extreme warm weather and a sudden thaw across much of southern Saskatchewan caused the unpredictable flow.

Dave MacLeod, head of hydrology division, said Sunday a record 3,150 cubic feet of water a minute was pouring into man-made Wascana Lake, in southeast Regina, from the creek.

NEW YORK (AP) — A two-year-old boy fell nine storeys from an apartment house, but suffered only bruises and scratches when he landed in a clump of bushes. "An Easter Sunday miracle," said a nurse at Montefiore Hospital, where Mark Brown was taken after his 90-foot fall.

DOLLAR RISES

## Hunt Goes On For Lost Girl

DRUMMONDVILLE, Que. (CP) — Police in this community 80 miles east of Montreal are continuing their search for Alice Pare, 14, who disappeared from her home Feb. 17.

Police have asked residents to be on the lookout for a 19-inch long leather flute case which she was carrying when last seen. The girl failed to return from a music class which was cancelled because of bad weather.

Police spokesman said that clues may be easier to find now that snow from the winter's record snowfall is beginning to melt.

Police earlier indicated that they believed foul play was suspected in connection with her disappearance of the girl who is related to three Quebec judges. Both city and provincial police said, however, that they had received no clues as to her whereabouts nor had they received any ransom notes.

The girl's grandfather is former Sessions Court judge Joseph Marier. Her great-uncle, Marcel Marier, is a judge of the Montreal municipal court and another uncle, Eugene Marier, is a Quebec Superior Court judge.

## Highway Deaths Down At Easter

By THE CANADIAN PRESS  
At least 27 Canadians died on the country's roads during the three-day Easter weekend, little more than a third the number predicted by the Canada Safety Council.

The council had predicted a record of 65 traffic fatalities, two more than the previous Easter weekend.

The 27, among 42 accidental fatalities over the weekend, brought the total of Canadian traffic deaths to 41 for the week and to 618 since Jan. 1.

A survey by The Canadian Press from 6 p.m. Thursday to midnight Sunday night, local times, also showed six deaths in fires, four throwings, one snowmobile death and four fatalities in miscellaneous accidents.

At least 10 persons were reported killed in accidents in British Columbia during the three-day Easter holiday weekend, including a 76-year-old man and three grandchildren who died in a house fire.

Two men drowned and four persons were killed in traffic mishaps. The fatalities occurred in the 76-hour period between 6 p.m. Thursday and midnight Sunday.

Narcisse Capot-Blanc, 76, and three grandchildren died early Friday in a house fire seven miles northeast of Fort Nelson

in northern B.C. The children were two-year-old twins, Dean and Darren Capot-Blanc, and three-year-old Isadore Capot-Blanc.

John Donald Barber, 60, of Burnaby was one of two men who died Saturday in the sinking of the 40-foot cruiser Nor-west 1 near Campbell River on Vancouver Island. Both bodies were recovered but only Barber has been identified.

Gary Morven Hay, 16, of Chilliwack died Thursday night when struck by a car as he walked along a road in the Fraser Valley in Chilliwack.

Leslie Ross Corbett, 17, of Courtenay was killed Thursday night when the car he was driving collided with a camper pickup about 10 miles north of Courtenay, on Vancouver Island. Six other persons were injured.

A Toronto man, Roger William Antle, 31, was killed early Friday when a tractor-trailer truck went out of control and down a 20-foot embankment about 20 miles west of Golden in eastern B.C. Antle was sleeping in the truck. The driver was not injured.

And a head-on collision Sunday evening near Hope, about 80 miles east of Vancouver, took the life of a woman whose name has not been released.

## Vancouver's Agenda Varied

VANCOUVER (CP) — Easter Sunday dawned cloudy, wet and unseasonably cold but it warmed up enough during the day to permit Easter egg hunts, a be-in at Stanley Park, and for one man — a little nude swimming.

Light snow fell in the morning in a number of Greater Vancouver areas and about 1,200 persons were in the stands at Empire Stadium for the sunrise service conducted in 34-degree weather.

The service is usually one of the largest in Canada but an organizer said "We were lucky to have that number, considering the inclement weather."

Several Easter egg hunts were staged, and in suburban Burnaby antique cars were driven in an Easter parade.

The nude swimmer, heading out to sea when picked up by a rescue craft and taken to hospital, was one of a few bathers who braved the waters of English Bay after sunshine broke through the clouds in the afternoon.

In nearby Stanley Park, the Easter be-in began with Hare Krishna monks performing a ceremony to purify the park. The Vancouver park board did not give permission for the gathering, so for the second year in a row it went ahead unannounced.

Morning rain had soaked the grassy areas which turned to mud as a crowd estimated at up to 4,000 listened to live rock music, danced, burned incense and, in some cases, smoked marijuana.

For those who left the city, long lineups at ferry terminals which delayed travellers Friday heading to and from Vancouver Island were not repeated Sunday.

## HIS CHIVALRY DEAD ANYWAY

VANCOUVER (CP) — Chivalry may not be dead, but for George Amos it may well be a thing of the past. Amos went to the aid of a damsel in distress early today, when he saw two men apparently attacking her in a nearby lane.

The distress turned out to be all his. The men turned on Amos, robbed him of \$2, and then fled—along with their woman companion.

## B.C. Grizzly Hunting May End

VICTORIA (CP) — Provincial wildlife officials are considering hunting restrictions to protect British Columbia's grizzly bears.

Keith Mundy, assistant chief of wildlife management, said in an interview Sunday a committee of biologists is assessing reports from all game management areas to determine what's happening to the grizzly population.

He said if it is declining, as is feared, hunting of grizzlies will be banned or strictly regulated, probably by a system of permits.

Concern grew in October with publication of research by U.S. scientists showing that the animals' capacity to reproduce has been greatly over-estimated throughout North America.

"We have in this province, one of the few areas with a truly viable population of grizzlies," said Mr. Mundy.

"There are indications that it is declining or holding steady here, although grizzlies have been pretty much eliminated in the Southern Interior where they conflict directly with man's major activity, grazing."

## S. Africa Target Of Aussie Protest

PERTH, Australia (Reuter) — A total of 150 anti-apartheid demonstrators were escorted from a beach here Friday before the start of a three-day surfing championship in which an all-white South African team is competing. There was no violence.

## New Administrative Set-up Given As Key To Decision

Director of city operations E. F. Ted Lawrence has resigned from his \$17,000-a-year post because "it is impossible to take initiative and responsibility in the situation in which I found myself."

Mr. Lawrence said today he tendered his resignation, effective April 15, last Wednesday and was notified of its acceptance following a special meeting of council at 6 p.m. Thursday.

The resignation comes following nine years of service with the city. Obviously reluctant to create controversy, Mr. Lawrence did, however, admit the "situation" was brought on in part by the re-organization of the city administrative set-up last year.

Under the scheme, Mr. Lawrence (previously city engineer) was named to the post of director of operations responsible to city administrator D. B. Herbert (previously city comptroller).

Mr. Lawrence said this re-organization combined with present council philosophy led to the resignation. He would not elaborate other than to say "it is impossible to take the required initiative."

Mayor Hilbert Roth was adamant today about not making any personal comment until the terms of the resignation had been debated in "open council."

He said only then can the resignation be finally accepted by resolution.

Council which normally meets Monday will not be meeting today because of the holiday weekend.

Mayor Roth admitted, however, the resignation had been tentatively agreed to in committee.

Ald. William Kane expressed concern about the resignation

E. F. LAWRENCE  
... just impossible

saying he was "sorry to see him go" and suggested some of the major accomplishments by the city were partly a direct result of Mr. Lawrence's efforts.

Ald. Kane singled out recent negotiations and agreement with industry in adopting a solution to "cleaning up" Brent's Creek. He said it is committees such as these comprising a staff member and member of council which have produced results.

The alderman expressed some doubt when asked to comment on the new city administrative system. He said it should be reviewed, "which has always been our intention anyway."

He said he "personally, I feel we are still discussing things in council I don't think need to be discussed at council level."

## In Danger Of Being 'Forum'

He described council as being in danger of being made to be "a forum" and said this should not be the intention.

Ald. Kane said he has "a tremendous amount of respect" for Mr. Lawrence and said that personally "had worked well with the man during the past year. Again it is these type of teams which I feel have produced outstanding results for the city."

Ald. Syd Hodge admitted the administration had been under "some pressure" in recent weeks "but if a man tenders his resignation, you have to accept it... that's good business."

The alderman said nobody can question Mr. Lawrence's professional ability but he said he could not make any public statements until the matter had been discussed in "open council."

Ald. Hodge said, however, he felt the present administrative organization of the city was "excellent."

Mr. Lawrence described his tenure with the city as "nine good years."

He listed among the developments which he was involved in the Knox Mountain Road, the pollution control centre, Dillworth Mountain reservoir, expansion of the Poplar Point pump-house, Glenmore and Elve Bridges city expansion, the city industrial park, the airport terminal building, the Community Theatre and the cross-town water main.

The resolution was tendered with "great reluctance," said the former director of operations but added he hoped to remain and work in the Kelowna area.

## BENGAL WAR:

## Pakistan Attacks Rebel-Held Towns

NEW DELHI (Reuter) — The Press Trust of India news agency reported today that Pakistani military forces had gone into action against towns held by East Pakistan's so-called Bangla Desh (Bengal nation) Liberation Army.

PTI said that Pakistani troops captured Pabna and Ishwardi in widespread fighting Sunday, while the secessionists took Lalmonirhat and strengthened their hold on Sylhet, in the province's northeastern tip, by overrunning its radio and railway stations.

None of these reports could be confirmed by any other source. The Indian news agency also reported that the East Pakistani leader Sheikh Mujibur Rahman, leader of the secessionist Awami League, was directing his followers in handbills circulated through the embattled province to "strike a united blow at our enemy—West Pakistan military forces engaged in

genocide to rob the freedom of Bangla Desh."

Military authorities in East Pakistan claim that Sheikh Mujib was arrested in Dacca last month.

Meanwhile, Pakistan radio, monitored here from Lahore, said two companies of Indian border forces operating inside Pakistan had been wiped out by the Pakistani army.

The radio said the fighting took place Sunday near the East Pakistani border settlement of Benapole, 40 miles east of Calcutta.

There was no immediate official government reaction here to the Pakistani claim.

But the Indian government has protested to Pakistan over what it called the kidnapping of three men of the Indian border security force along the Indian-East Pakistan border.

Official sources said the three Sepoys were captured at the border east of Calcutta Friday while on routine duty.

## FISTICUFFS REPORTED

## Woman's Lib Has Civil War

TORONTO (CP) — An international Women's Liberation conference entered its fourth day today still under a veil of secrecy.

But word has leaked out that dissent is widespread and some delegates have on occasion resorted to fist fighting.

The meeting, involving 400 delegates from various women's liberation organizations, is being held at a secondary school.

The initiating committee from Washington reportedly brought the conference to Canada in the belief that six women from Vietnam, Laos and Cambodia would be denied United States entry visas.

A number of delegates commented on the sessions but refused to be identified.

The conference theme is peace and the shared oppression of women throughout the world.

"But even though the delegates attend all the sessions and listen attentively to the Indo-Chinese, everything is underlaid by squabbling," one delegate said.

The Black Panther women won't talk to the white women because they are white and therefore cannot understand or take part in the struggles of third-world people.

"The Gay Liberation Front Women (radical lesbians) won't talk to the straight

women because they are obviously repressed by sexual role-playing," another delegate said.

It was reported the conference has three basic lines of division—radical, sexual and ideological.

A meeting spokesman defended the tight security, which is trying hard to maintain secrecy by barring the news media.

"There are plenty of people in North America who would be only happy to disrupt this type of meeting."

People entering sessions are searched. One informant said several knives and cans of the riot control chemical, Mace, were seized.

People entering sessions are searched. One informant said several knives and cans of the riot control chemical, Mace, were seized.

## NAMES IN NEWS

# Nader Blasts Anti-Pollution Policy

A Ralph Nader task force charged in Washington Sunday that the federal water pollution control program has been a miserable failure and that the United States is deteriorating into a virtual water wasteland. The task force also claimed that the treatment of drinking water removes few dangerous contaminants, and that industry contributes more than 50 per cent of the wastes which municipal water plants have to treat.

Pope Paul gave the world a message of hope Easter Sunday, foreseeing the day when nations will be at peace and declaring "man's cause is not only not lost, it is secure." Before turning to his hopes for the future, however, he decried "new wars," "rmaments, revolutions, so-called struggle and doctrinal disciplinary currents" within the Roman Catholic Church.

Marshal Chen Yi, 69, Chinese foreign minister since 1958, has been replaced by his deputy, Chi Pengfei, an expert in Eastern European affairs, the French news magazine L'Express reported Sunday in Paris.

POPE PAUL  
... cause not lost

Chen Yi was last seen in public Oct. 1, 1969, L'Express added.

Gypsies from 15 countries opened their first international congress since 1935 Sunday in

Orpington, Kent, England, with a warning that they face extinction. Gratton Paxon, 29-year-old secretary of the British Gypsy Council said: "We face a situation worse than during the Second World War when we lost half a million people to Hitler's gas chambers. The problem now is that we face genocide by assimilation into society. We are losing our identity." He called on the congress to demand legal camp sites for gypsies throughout the world.

This year in Canton, Ohio, the Easter Bunny stand-in was not fast enough. John Zankowski, 40, dressed in bunny regalia to deliver Easter arrangements for a florist shop, was attacked by five dogs. He was treated in hospital for severe leg lacerations, and released.

Kelley Mitchell, a 17-month-old child who suffered from a disease so rare it had no name, has died in a Fort Worth, Texas, hospital. The child had fought more than a year against a mysterious malady which caused massive intestinal bleeding. Medical scientists were at a loss to find the cause of the illness and named it the "Kel-

ley Mitchell Disease." She had undergone 13 operations in an effort by physicians to control the disease, four of them in Children's Hospital in Cincinnati, Ohio.

Reformers jointly backed by the Socialist and Communist parties won the governor's seats in Tokyo and Osaka—Japan's two largest prefectures—while Prime Minister Eisaku Sato's political allies retained their strength elsewhere in local elections Sunday. The Socialist-Communist triumphs in Osaka and Tokyo were generally regarded as political setbacks for the 70-year-old Sato, who had campaigned in both prefectures for candidates supported by his Liberal-Democratic party.

Premier Lou Noh returned today to Phnom Penh, after two months under treatment in Hawaii, partially recovered from the stroke he suffered in February. The 40-year-old general moved stiffly and was assisted by two male nurses as he appeared in the doorway of the U.S. Navy plane that brought him home. He walked down the ramp with difficulty and embraced Deputy Premier Sisowath Sirik Matak, who has been heading the government.

The Queen may get an increase in her \$1.14 million annual allowance from the government. In 1969, Prince Philip told a United States television interviewer the royal finances were in the red, but nothing was done about remedying the situation. Sunday, government sources said Prime Minister Heath soon will set in motion machinery to give the Queen her first raise in 19 years.

A Geneva-based organization of lawyers and judges, the World Peace Through Law Centre, launched in Washington Sunday a campaign for worldwide adoption of laws to stamp out airplane hijackings. Charles S. Rhyne, president of the centre, said the organization's 40,000 members in 128 countries have been asked to petition their parliamentarians, ministries of justice, transportation and communications, heads of government and international bodies to adopt the legislation immediately.

A man accused of stealing 10 cents spent 11 days in Don Jail because he couldn't raise \$20 bail. Dr. Morton Shulman, New Democratic Party member of the Ontario legislature for Toronto High Park, said Sunday.

Dr. Shulman said Reford Francotte, 48, was released after Dr. Shulman posted the bail Sunday. Francotte, charged with theft under \$50, is accused of taking 10 cents from a newsstand April 1.

**TERRIBLE LIZARD**  
The name dinosaur is derived from the Greek words meaning "terrible lizard."

## Hoffa Returns To His Cell

SAN FRANCISCO (AP) — James R. Hoffa will return to federal prison at Lewisburg, Pa., Tuesday after a six-day visit with his wife who is in hospital, here with a serious heart condition, their son says.

James P. Hoffa, 30, said Sunday he would accompany his father back to the prison where the Teamsters Union president has served four years of a 13-year term for jury tampering and mail fraud.

A daughter, Barbara Crancer of St. Louis, and a stepson, Charles O'Brien of Detroit, will stay here to be near Mrs. Hoffa, the younger Hoffa said.

Hoffa, 58, and the children made morning, afternoon and evening trips to the University of California Medical Centre Sunday to visit Mrs. Hoffa.

The younger Hoffa said his mother appeared improved Sunday and that since Wednesday when Hoffa arrived on temporary leave from prison "we have been able to make our visits a little longer each time."

Josephine Hoffa, who was married to the Teamster leader 34 years ago, came here to attend a testimonial dinner for Jack Goldberger, a heart condition which has afflicted her for some months worsened and she was admitted to hospital March 18.

RAISE CANE

HONG KONG (AP) — The government announced plans to introduce caning as a punishment for gang fighting and possession of an offensive weapon in a public place.

## GM Calls Back 23,300 Minicars

DETROIT (AP) — General Motors has recalled 23,300 of its Vega minicars to correct five possible defects, including one which could cause the choke to jam and one which could lead to fuel spillage, a company spokesman said Sunday.

The recalled cars represent the entire Vega production run before the United Auto Workers went on strike against the giant automaker last Sept. 15, the GM spokesman said the faults have been corrected on cars built since the auto workers returned in December.

The spokesman said none of the defects represented a hazard.

## Curfew Breakers Die In Ceylon

OLOMBO (Reuter) — At least 11 persons have been killed for breaking tough curfew regulations in Colombo while senior officer of the Ceylonese army took command in six districts of this strife-torn island republic.

Troops were reported to have shot to death 89 terrorists in a clash Saturday night at Rambukkana, in the hilly rubber plantation district of Kegalla, 40 miles east of here.

This report could not be confirmed officially. The army chiefs moved into the trouble-torn districts while armored units started a fresh drive against terrorists only 40 miles from the capital.

## Dayan States His Provisions On Retreat From Suez Canal

TEL AVIV (AP) — Israeli Defence Minister Moshe Dayan says he favors withdrawal of Israeli forces along the Suez canal provided there is a permanent ceasefire agreement with Egypt and "no Soviet or Egyptian troops will cross the canal."

Speaking at a television news conference Sunday, Dayan refused to say if the cabinet is discussing how many miles to retreat, saying: "I am not free to answer that." But he said any partial pullback "must lead to the kind of comprehensive settlement for which we are willing."

Egyptian President Anwar Sadat proposed in February that Israel withdraw from part of the Sinai Peninsula to permit reopening of the canal and then relinquish the remaining Arab territory occupied during the 1967 war. The canal has been blocked since the six-day war with Israeli forces entrenched on its east bank and Egyptian troops on the other side.

Dayan said he was opposed to total withdrawal and cited a clause in resolution passed by last week's Labor party convention demanding "substantial changes" in Israel's pre-war frontiers.

## TODAY'S STOCK QUOTATIONS

Submitted by McDonald, Miller, McDonald Ltd.,  
1449 St. Paul Street

TORONTO (CP) — In active mid-morning trading today, prices on the Toronto stock market moved fractionally higher.

On index, industrials rose .55 to 186.69, the highest level since Jan. 2, 1970, and base metals .39 to 102.80. Golds were unchanged at 191.44 and western oils dropped .52 to 211.23.

Volume at 11 a.m. was 717,000 shares, down from 854,000 at the same time Thursday.

Advances outnumbered declines 146 to 83 with 174 issues unchanged.

Strongest sectors were chemicals, oil refining, food processing and industrial mining. Thirteen of the exchange's 17 sub-groups were higher.

Mattagami rose to \$31, Roman 25 cents to \$7.95, Sherritt 3/4 to \$20, Alberta Eastern Gas 30 cents to \$5.10, Pan Ocean to \$19.75, Scurry-Rainbow 1/2 to \$25.50 and Houston 10 cents to \$3.30.

Income Diversified lost 1/2 to \$7, Kelvintor 60 cents to \$3.30, Algoma Steel 1/2 to \$14.75, Pacific Pete 1/2 to \$30.40 and Chieftain 10 cents to \$8.35.

Opening Stocks (CP) — Prices were mixed in moderate trading on the Vancouver Stock Exchange today. First-hour volume was about 488,000 shares.

Grouse Mountain led the industrials unchanged at \$2.20 after a turnover of 5,100 shares. In the oils, Five Star was the most active trader with 4,000 shares up .02 at .19.

Alwin led the mines, off .04 at .72 on a turnover of 120,500 shares.

### WALKING MIGHT BE EASIER

The Ogopogo Chapter, Order of DeMolay, has come up with a different centennial project that's going to lead to a lot of tired leg-muscles in the next four days. Five De-

Molay members began a gruelling 72-hour tricycle marathon in the arena parking lot at 10 a.m. today which won't end until 9 a.m. Thursday. Setting out this morning on

their 'big push' are, left to right, Glen Kelly, Kenneth Jensen, Steve Denroche and Al Galbraith. The boys say no fund-raising aim is in-

tended in the three-wheeled marathon. They're doing it all for fun to publicize the province's Centennial year. (Courier Photo)

## Optimistic Mood Seen In Construction Industry

There is an optimistic mood within the construction industry in the area instead of the despondency of last year, says senior Canada Manpower officials. This optimism is reflected in the increasing demand for skilled tradesmen, both union and non-union.

In Kelowna, additional skilled tradesmen are required for new school additions and other capital projects out to tender, officials say.

In Kamloops, Ashcroft and Similkameen, there are demands for union and non-union carpenters, dry-wall applicators and other construction industry trades, they add.

While the construction trades have placed heavy demands for tradesmen, those in mechanical trades have not been as lucky due to inclement weather.

The demand is not expected to improve until the tourist sea-

son commences, officials say, adding there has been no calls for welders.

The lumbering industry has shown some revitalization through increased demand for forest products by the American market.

The road ban, imposed in mid-March, will remain in effect until mid-May, thereby restricting logging operations until that time.

However, Crown Zellerbach has hired additional men at the Kelowna sawmill to handle increased demand for lumber products.

Within the hospitality industry, restaurants, hotels and motels report little activity.

Daily and live-in housekeeping positions bring in low response as low wages and the work are not appealing to many people.

Orchard pruners have been in

demand and pruning is to be completed by mid-April.

Grape pruners were in short supply, and officials say this situation may lead to the creation of a training course before next year's work has to be done.

Meanwhile experienced hairdressers and office staff are still in demand, with clerical categories also showing an increased demand.

Officials say most positions were filled from the list of active clients except for stenographers who take shorthand at 100 words per minute.

Legal secretaries are still in short supply, they add.

## March Maintained Cooler Conditions

March this year entered the scene like a lion and departed with a meek 50 degrees.

Comparison weather figures for last month show a high and low of 32 and 10 on the first day of the month, as against respective readings of 35 and 15 for the corresponding period in 1970. Warmest day was on the 29th with 58 degrees compared with a high of 53 on the 28th day in March 1970.

Mean maximums and minimums last month were 43.7 and 26.6 as against 48.8 and 28.8 for the same period in 1970, with an average mean this year of 35.2 compared with 38.8 for March 1970.

There were .88 inches of precipitation recorded last month, compared with .51 inches in March 1970.

The following is a breakdown of highs, lows and precipitation for March 1971:

Date	High	Low	Precip.
1	32	10	
2	36	15	.01
3	38	21	
4	35	22

## Returning Miracle

"For, lo, the winter is past, the rain is over and gone; the flowers appear on the earth; the time of the singing birds is come, and the voice of the turtle is heard in our land."

The spring of which Solomon sang, might well have been the Okanagan spring. Here the flowers have replaced the winter snows. The singing birds are back. And the spirit in which we welcome the return of spring is no less joyous than that which moved the great king to song. Spring in our mountain valley may be a little more violent and uncertain and discomforting than in other, older lands, but after the long weary months of the past winter, whatever its shortcomings, it is welcome indeed.

And if this spring lacks some of the warmth and color and gentleness that is generally associated with the season, that is not to say that it is not without its own subtle beauty for those who will perceive it.

Perhaps it is only a trick of the sun-warmed imagination, but the hard sharp skies of winter have given way to a softer shade of blue. Against the small white mackerel clouds a handful of crows flutter like scraps of wind-tossed burnt paper. Our solitary eagle screams shrilly as he swoops low over the lake.

There are many signs of growing things and the promise of what will surely come is already being fulfilled. The willows are gold against the blue lake and the chestnut buds are already sticky. In city gardens croc spread their clumps of purple, white and gold. The snowdrops, the herald of spring these many weeks, are giving place to gaudier flowers. Forsythia is just

ready to rival the sun. Daffodils, hyacinths and tulips are making their annual and sometimes foolhardy gesture of defiance at spring frosts.

Since man first turned his face upwards to the sky to welcome the return of the sun from its long journey to the south, April has been a very special month; the month when the earth shakes off, completely and finally, the bonds of winter and rejoices in its release.

Winter, to be sure, is sometimes reluctant to depart. As this year, when under the leafless trees a little up the mountain sides, the last few crumbling snowbanks lie, shaded from the growing warmth of the spring sun. They are climbing slowly up the mountain-sides this year and watched by us humans at the lakeside because we know that until they disappear over the crest, there will continue to be a chill in the breeze.

Still, the trees may be bare but the buds are swelling. The sky is a warmer blue and the sun flashes from a warmer blue, too, in the lake. Across the sky floats the noisy gabbling of geese as they wing their way to their northern summer home.

So at this time of the year we turn again from the dark and cold of winter to rejoice in the warm light of spring. And as we stand in wonderment before the never-failing miracle of a reborn world, who is there among us who can remain unmoved? For spring brings more than new life to a dead earth; it brings with it new hope and reassurance to all men.

So April goes. The sun strengthens, the day lengthens. And all the work and the pleasure of the summer is ahead.

## No Joy Time For Pakistan

Easter week, a season of joy for millions in the Western world, is proving a time of continued trouble and uncertainty in Pakistan.

Complicating the already tragic situation in the Commonwealth country is the fact that outside powers are beginning to make their positions on the crisis known by public pronouncements.

With so many civilians reported to have been slaughtered in rebellious East Pakistan, the long periods of official silence in some major capitals outside the Indian subcontinent seemed to some observers another example of callousness in the face of heart-rending bloodshed.

The various instances of diplomatic hesitation were interpreted as deliberate policy delays while officials in various world capitals decided how events in East Pakistan were going and, on that basis, which way their respective governments should jump.

China might have been expected to find fertile ground in the East Pakistan situation for Maoist agitation of the kind which has proved highly advantageous to Peking's cause in underdeveloped parts of the globe.

But China has long been an ally of Pakistan's central government, having supplied that administration's air force with a number of jet planes and supported the federal Pakistanis in their various feuds with India.

China apparently considers Pakistan a useful counter-weight to the potential influence in Asia of the teeming Indian republic.

Such considerations, as well as a shrewd evaluation of the present picture, probably played a crucial role in China's decision to charge India with interfering in Pakistani affairs during recent weeks.

China alleged that New Delhi did this through the provision of support for the separatist movement in East Pakistan.

India denied the charge and may have been able, in its turn, to draw a degree of satisfaction and extra confidence from an earlier message sent by the Soviet Union to Pakistan. This called on the Pakistani president to avoid bloodshed in settling the troubles in its Eastern province.

For their part, the Americans are worried about the use against civilians in the East of weapons made in the United States.

At the same time, Washington, feeling its way towards better relations with Peking, does not want to alienate Pakistan.

Meanwhile in Britain Foreign Secretary Sir Alec Douglas-Home is being accused in certain Conservative quarters of showing excessive sympathy for the Pakistan central authorities and undue heartlessness towards the plight of the Eastern province.

Yet Britain, like the other large world powers, feels obliged to tread carefully in the present situation.

Thus the world is again confronted with the problem of how to reconcile humanitarian feelings with the harsh exigencies of international power politics.

## Bygone Days

(From Courier Files)

### 10 YEARS AGO

April 1961

Kelowna Jaycees sponsored the City Clean-up, Paint Up Week. All households in the city are asked to join the campaign, and businessmen and industries are also being contacted. Mayor R. F. Parkinson officially proclaimed the six-day clean-up.

### 20 YEARS AGO

April 1951

Westbank Notes: Mrs. W. H. H. Moffat was chosen president of the Westbank Red Cross Unit, formed at a well attended meeting in the Memorial Hall. Guest speakers were Mrs. W. Reeder, regional representative of the Red Cross Society, and L. R. Stephens, head of the Kelowna Red Cross Association. Other officers chosen were J. Basham Sr., vice-president, and Mrs. W. MacLachlan, secretary-treasurer.

### 30 YEARS AGO

April 1911

Two thousand apple trees were removed by fruit growers of the Okanagan

during the past winter in following a policy of removing "off varieties" such as Winter Bannan, Wealthy, Northern Spy and Grimes Golden.

### 40 YEARS AGO

April 1931

At the Empress-Monday and Tuesday, Cecil B. DeMille's amazing production, "Madam Satan"; Wednesday and Thursday, Janet Gaynor and Charles Farrell in "The Man Who Came Back"; Friday and Saturday, Ann Harding in "East Lynne" with Clyde Brook and Conrad Nagel.

### 50 YEARS AGO

April 1921

Glenmore Notes: The Glenmore basketball team met Kelowna in a game at Glenmore. There was a large attendance of enthusiastic admirers. Mr. Cushing's pet won again, the score being Glenmore 31, Kelowna 5. Kelowna played without McLeod, one of their best men.

### 60 YEARS AGO

April 1911

The historic suspension bridge across the Fraser River near Yale is to be reconstructed and pressed into service to facilitate handling of material for the Canadian Northern Railway, as well as a means for passing of ordinary traffic. Fifty years ago the old bridge planking resounded to the tread of thousands of Argonauts rushing to the Cariboo gold fields.

# Good Neighbors Have Troubles

By PHILIP DEANE

Foreign Affairs Analyst

Our good friends and neighbors to the south are more troubled than they were. Life in their cities is becoming less tolerable by the day. This is no reason for complacency here in Canada but for sober reflection since our way of life so resembles the Americans that we could legitimately ask whether the troubles of our southern neighbors today may not be our troubles tomorrow.

The ladies of the street, in New York, have given up persuasion for violence. Three of them offering their wares from a car solicited the favors of former West German Defence Minister Franz Joseph Strauss and when he declined, they rushed out, beat him up and stole his wallet. Three other ladies used knives on a reluctant Italian businessman.

In Houston, Texas, a new housing development for rich people has been built like a fortress surrounded by a six-foot high wall topped with broken glass, barbed wire and electronic sensors. The gates are guarded by private police. The inhabitants feel safer that way. A senior Washington journalist has moved from Washington to Toronto whose wealth and architecture he dislikes but he loves the safety: "Washington's centre is beautifully illuminated at night but there is literally no one on the streets. The civil servants get in their cars in the suburbs, drive on a highway to the underground garage under their office, and

return the same way at night to barricade themselves in their homes and watch TV. Nowhere else in the world does one have this feeling of peril in the streets."

### CAUSES OF TERROR

This particular journalist was not absolutely sure that race was the only or even the main cause of trouble in the U.S. If race were the main cause, then Canada need worry less—we do not have the same racial problem here. Much evidence does point to race as a major cause of violence in the U.S. currently. Those who dispute this, recall the extreme violence of the days that preceded the revolution of rising and frustrated expectations in the Negro ghetto.

There are U.S. social critics who claim that violence in their country has nothing to do with race or big city living; there are other cities with multi-racial groups—in Britain for instance—and the degree of violent crime there is much less than in the U.S.

Such American social critics have long insisted that, along with generosity, openness, the American society has a deep-seated violent streak shared by few other countries.

Such broad social generalizations are unprovable. To be scientific, they would have to be based on long-term comparative studies of the U.S. society and other societies. Even then, the results of the studies would have to be suspect: societies are not germs in a test tube or laboratory animals in cages.

## Could Be Cheaper Going To Spain Than Having Night Out In London

LONDON (CP) — "Soon it's going to be cheaper to take a girl-friend to Spain than out for a night in London."

That jaunty comment from a travel company spokesman sums up the price-war explosion which has erupted on the British winter-holiday scene since the Conservative government recently took the lid off minimum rates for inclusive package tours.

First into the breach was Canadian-born Lord Thomson, whose travel subsidiary offered four days in the Spanish island of Majorca for \$45 including return jet travel and full board and lodging. Thomson's rate now is down to \$35, but his competitors are fast outstripping him.

The latest bargain package to hit the travel agents' counters is a four- or five-day holiday on Spain's Costa Brava next winter for a mere \$26.25. This includes return jet travel and bed-and-breakfast in what the company, a newly-acquired subsidiary of Cunard Steam-Ships Ltd., describes as "reasonable" hotels.

The same company offers four-week vacations in Spain for \$56.25. Incredible as it may seem, it claims it will make a profit even at these rock-bottom rates.

### NOT A SECRET

Managing director Harold Goodman already has 36,000 bookings for its first season and expects 80,000 next winter,

says there is "no great secret" about its operations. "Usually, tourist hotels and aircraft either sit on the ground empty during the October-to-March period or if the hotels and aircraft are operating, they are less than one-quarter full."

The company's sales manager estimated the profit as about \$3.75 on each \$26.25 package, and \$12 on each \$56.25 four-week sale. An independently-arranged one-month winter holiday in Spain would cost around \$300 or more.

Part of the secret is that Spanish hoteliers are anxious to keep their hotels and staff occupied during the slack winter months and thus may offer giveaway rates to tour operators—sometimes as low as 50 cents a night for bed and breakfast.

Goodman described his company's operations as "the shape of things to come as far as off-season package holidays are concerned." Another tour operator simultaneously announced a four-day villa holiday including automobile rental for \$37.50.

Some other travel operators, plainly shaken by this lightning offensive in the price war, said they would be taking a close, hard look at their own fare structures. But a spokesman for the Thomson company said he couldn't see the possibility of going below \$35.

"That just covers our costs," he said.

## TODAY in HISTORY

By THE CANADIAN PRESS

April 12, 1971

"Boss" Tweed died in a New York prison 93 years ago today—in 1878—while serving a 12-year term for fraud. A real power in New York politics from 1857 to 1871, Tweed dominated Tammany Hall party headquarters and he and his pals lined their pockets with \$45 million to \$200 million in embezzled taxes and pay-offs. The "Tweed Ring" was exposed by an accountant who told his story to the New York Times. Tweed escaped prison in 1875 and was rearrested in Spain.

1855—The Salk anti-polio vaccine was declared safe and effective in a report from Michigan University.

1917—Alberia dropped

prosecution against Charlotte Whitton and Jack Kent Cooke of Liberty magazine.

1916—Viscount Alexander was installed as Canada's 17th Governor-General.

1915—President Roosevelt died and Harry Truman was sworn in.

1915—A tornado killed 102 in Oklahoma and Arkansas.

1917—The Russian provisional government granted Estonia autonomy.

1876—Keweenaw was organized into a district under the jurisdiction of the lieutenant-governor of Manitoba.

1845—The United States annexed Texas.

1838—Lount and Matthews were hanged in Toronto as rebels.

The Daily Courier welcomes letters to the editor but they must be signed by and bear the address of the writer. A pen name may be used providing the name and address is on the letter. The Courier may edit letters for brevity, clarity, legality or taste.

### THAT BUILDING

Sir:

There has recently been considerable comment concerning the new federal building in Kelowna and basically this building has been compared unfavorably with federal buildings elsewhere in the province and in Vernon and Penticton in particular. One's reaction to the visual impact of a building is of a personal nature and, since many people have seen fit to express their personal thoughts and criticisms the Kelowna federal building, I wish to express my own personal opinion since it would appear to be contrary to those already mentioned.

As the architect responsible for the design of the Kelowna and District Credit Union I am probably prejudiced in favor of exposed concrete. However, I would like to state that it is my conviction that the federal building is a fine achievement in total architectural terms. The conceptual design of the building was obviously based on rectilinear shapes and flat concrete planes and, within this context, the total design is, in my opinion, excellent.

It is most gratifying to see that the building has been recessed from the property line and that the forecourt area around the building has been properly paved since this set back and paving provides an excellent base for the building in three-dimensional terms.

The building should not be judged at this time but I am convinced that when the project is complete and the citizens of Kelowna have had time to absorb the impact of the building they will realize that they are fortunate in possessing a fine example of contemporary architecture which will, in the end result, be beneficial to the environment of the downtown area of Kelowna.

Yours truly,  
MEIKLEJOHN GOWER and  
PETER FULKER, MRAIC,  
Resident Partner, Kelowna

### LEAVE BEER HOME . . .

Sir:

In your March 30 edition you printed a brief petition for a "drinking problem" in Knox Mountain during the annual hill-climb.

In all fairness we, the Okanagan Auto Sport Club and the

organizing committee of the 14th annual Knox Mountain Hillclimb would like to give a little background of the hill-climb and the problems we face.

We have had the hillclimb at its present location for six years and have received excellent co-operation from the City of Kelowna for which we are sincerely thankful. In exchange we bring thousands of people to the city on the May long weekend and this should appeal to the local businessmen. (Last year paid attendance was over \$8,000 plus drivers, crews, etc.)

The hillclimb committee starts its work in December and it is a selected body, involving the most capable members of the club. This year's committee includes teachers, engineer, salesman, mechanic, orchardist, etc., and age ranging from 20 to 35. Lots of hard work goes into organizing this event, and we had excellent co-operation from local businesses in the past, for which we are very grateful.

We have several thousands of dollars invested in timing, communications, PA systems, etc. On the day of the event we have the help of members of other sports car clubs in crowd control, marshalling, etc.

Many of them travelling from Vancouver, Edmonton, Calgary, at their own expense to make our hillclimb the best paved hillclimb in North America. Some 180 people are involved in running the event. Sponsorship makes it possible to have bet-

ter quality competition with cars coming from all over the Pacific Northwest, and as far away as Ontario.

It has been the club's policy to allow one local service organization to handle the ticket sales, therefore helping their cause financially. In the past we had the Kinsmen, Boys' Club, Venturers, and this year the DeMolay will look after it.

The day following the hillclimb we have the hill cleaned up, hauling away truck loads of garbage. It is safe to say the mountain is cleaner after the hillclimb than it was before.

The major problems we faced in the past was crowd control and here we appeal to you—Mr. Spectator. We do our best to give you the best possible entertainment, so won't you help us? Please obey the marshals, crowd control personnel, they work hard for days, and obey basic laws. Do not litter, and leave that case of beer home! We want you to have a good time, and as it is impossible for us to search everybody at the gates, we appeal to your better judgment.

We would like to keep our hillclimb, and want to make it bigger and better for years to come.

Yours for the sport,  
President: Okanagan Auto Sport Club  
Co-Chairman: Knox Mountain Hillclimb  
ROSS STUTCLIFFE  
Treasurer: Knox Mountain Hillclimb  
GARRY KOVACS

## New Petroleum Price Increase Came As No Surprise To Industry

By IRVING C. WHYNOT

Canadian Press Business Editor

The latest petroleum product price increase in Eastern Canada came as no surprise to those in the industry. It was simply another example of a business adage that says it is the consumer who must pay.

The International oil industry has been hit by sharply higher prices for crude from the vast Middle East fields and other major suppliers.

The oil companies say they are in no position to absorb these higher prices, although at first glance their profits appear to be healthy. So the consumer must pay.

The problem facing the industry is to remain financially healthy for long-term planning. Oil is being consumed at such a fast rate that vast new supplies must be found quickly. The cost of such exploration is the one that haunts the board rooms.

In Canada, for instance, consumers during 1970 used petroleum products at a faster clip than new reserves were located.

### GIGANTIC TASK

On a worldwide basis, the international oil industry has set itself the gigantic task of finding another 900,000 million barrels of oil by 1985. That is more than the total amount discovered since 1850 when the commercial oil industry first began.

The capital outlay needed for an exploration program of this size is enormous. For the 1970s alone, the investment is expected to be more than \$500,000 million just to keep pace with growing consumer demand.

A single, medium-size oilfield 10 miles offshore costs at least \$36 million to develop before the first oil begins to flow. To drill a single wildcat well in Canada costs anywhere from \$50,000 to \$2 million, depending on its location. And even then the business is risky. Only one well in 42 locates a commercial deposit and only one in 500 finds a major field.

Canada is in the unique posi-

tion of being both an importer and an exporter of oil. Western Canadian oil is exported to the United States, but up to now it has been cheaper to supply the Eastern Canadian market with imports—mainly from Venezuela—than to haul Western Canadian oil to the market.

The higher crude prices imposed by Venezuela mean an extra price tag for refiners and marketers in Canada, importing half their crude and product requirements, of about \$150-\$200 million by 1975.

### PRICE GAP NARROWED

It also means that the price difference between imported and domestic oil in Eastern Canada has been narrowed to a few cents a barrel. This has led to renewed demands for a pipeline to carry Western Canadian oil to the big eastern market.

Energy Minister J. J. Greene told the Commons that any application for permission to build such a pipeline would be considered "very quickly." But the view in the industry is that such a line still is not economic.

In the worldwide picture, Canada's a minor factor with only 2.6 per cent of total world production and about two per cent of discovered reserves.

Even that is enough to make Canada the world's ninth largest producer.

But Canada's oil potential gives it an importance out of proportion to its present situation.

S. A. Milner, president of Sheafan Development Co., Ltd., told a recent petroleum seminar:

"The need for more rapid development of oil potential is perhaps greatest in North America. The fact that Canada, with substantial quantities of oil and gas in excess of its own present and foreseeable requirements, is located next to the world's largest energy market, gives our reserves an importance out of all proportion to their relative size and should provide a great stimulus for their development."

## Prices And Employment Reports Reveal How Inflation Battle Goes

OTTAWA (CP) — Important reports last week on consumer prices and employment may indicate how well the government is progressing in its effort to fight inflation and reduce the number of jobless.

The consumer price index for March is scheduled to be released Tuesday and this report on employment and unemployment as of mid-March is due early Thursday.

The price index for February, based on 1961 prices equalling 100, was 130.9, up from 130.3 in January and 128.7 in February last year. The year-to-year increase was 1.7 per cent, up moderately from the low point of a 1.5-per-cent annual rate of increase recorded last December.

There are fears that the price index will show an accelerating rate of increase in the next few months. Much of the significant slowing that occurred during the winter resulted from the supermarket food price war, most intensive in Ontario. Some food chains suffered losses which they must overcome.

### ACTIVITY RESUMES

Last month's employment report estimated the actual number of jobless in the week ended Feb. 20 at 675,000, up from 668,000 at mid-January. The February unemployment total represented 8.1 per cent of the labor force, compared with eight per cent in January.

But on a seasonally-adjusted

basis, taking account of winter's reduction of available jobs and summer's student influx, the unemployment rate showed a decline from 8.6 per cent in December to 8.2 per cent in both January and February.

Unemployment usually declines in March as industrial activity begins to perk up after mid-winter. Government sources think the peak was reached with that 8.1-per-cent figure. However, the seasonally-adjusted rate of unemployment can sometimes rise in March.

Latest available statistics indicate improvement for March. Steel ingot production, which has been running below year-ago levels, rebounded towards the end of the month. House construction activity rose 31 per cent between February and March and was running 26 per cent ahead of a year earlier.

### STAGE SET

Some February statistics also pointed to improved activity and set the stage for improvement this spring.

Corporation income tax collections rose moderately in January and February. Sales tax collections declined less sharply than they usually do at that time of year. Both are indicators of better economic health.

Demand for imports rose slightly, and though export figures in February were off, they were still well ahead of year-earlier levels. The recent slump in the economy was marked by slow growth in imports and rapid rise in exports. This apparently reflected lagging Canadian consumer and business interest in buying abroad, while Western Europe, in particular, gobbled up more Canadian raw materials.

### BECAME EXTINCT

Dinosaurs became extinct about 60 million years ago.

### BIBLE BRIEF

Master, who did sin, this man, or his parents, that he was born blind?—John 9:2.

Jesus replies, Neither hath this man sinned, nor his parents. But the glory of God can become plain in the midst of evil.

Easter Lilies Form Setting For Candle-Lit Nuptials

Potted Easter lilies with white bells and ribbons formed the setting for the wedding uniting in marriage Karen Mae Matthews of June Springs Road, Kelowna, daughter of Mrs. Chester Allen and the late Roy Matthews and Lorne Curtis Herman, son of Mr. and Mrs. Horst Herman of Rutland.

The 6 p.m. ceremony conducted by Pastor Ed. Teransky took place in the Rutland Seventh-Day Adventist Church on April 4 with soloist Mrs. Christine Fedosenko of Rutland singing Whither Thou Goest and Wedding Guest Divine. She was accompanied by Caroline Knelser of Rutland.

The bride, charming in a gown of Chantilly lace over satin, was given in marriage by her step-father, Chester Allen. The full length gown was styled on empire lines with high neckline. Tight cuffs completed the full sleeves and the lace train flowed out from the ensemble. Her shoulder length veil of nylon was held by a headress of white roses and orange blossoms. She carried a nosegay of pink carnations, yellow mums interspersed with white stephanotis.

Something old and borrowed was her sister's white gold watch and something new was her garter and something new, her dress.

Mrs. Donna Boyko of Winnipeg served as matron of honor for her sister and the bridesmaids were Leaf Hamilton of Lacombe, Alta., and Alison Herman of Rutland. Terry Matthews of Kelowna served as candle lighter.

Flower girl was Leanne Pierson of Pritchard, B.C. and bible bearer was Scott Boyko of Winnipeg.

The bridal attendants were clad in similarly styled gowns of printed Swiss white mauve and yellow underlining. They carried baskets of mauve and yellow chrysanthemums.

**FLOPPY HATS**

Charming white floppy brimmed hats with ribbons to match completed their ensembles. The flower girl and candle lighter wore yellow baby mums in their hair.

Dave Hutzkall of Vancouver served as best man and ushers were Kim Armbruster and Ken Armbruster, both of Rutland.

MR. AND MRS. LORNE HERMAN (Popes Studio)

Kendall Herman, brother of the groom, Rutland, was a candle lighter.

A mauve fortrel ensemble enhanced with corsage of pink carnations was worn by the bride's mother for the reception which followed at the Rutland Centennial Hall, where the mauve and yellow theme was continued in the decorations.

The bridesgroom's mother chose a blue fortrel crepe dress with contrasting pink carnation corsage.

Bill Neufeld, uncle of the bride, from Vernon, proposed the toast to the bride.

**CALIFORNIA**

A pink fortrel dress with navy coat accessorized with navy shoes, purse and deep pink carnation corsage was donned by

Probation Officer Speaks To WCTU

In the midst of the beauty and plenty in this Valley, alcohol has left a wreckage washed up on the beaches, according to Todd Lee, probation officer for the Okanagan.

Mr. Lee, guest speaker at the evening session of the first annual Valley conference of the Women's Christian Temperance Union, said, "There is not a culture that does not suffer from its influence, where 35,000 were affected this year, next year it will be 40,000."

Into clear focus he brought the picture of the results of alcoholism—frighting and almost unbelievable to behold.

After a thorough study of the subject he stated that 90 per cent of the fatal accidents are caused by excessive drinking and four to five per cent of marriage separations are caused by excessive drinking; three to four per cent of admissions to mental hospitals are caused by excessive drinking and two to three per cent killed in single car accidents are caused by excessive drinking.

Of the one million people killed in one year on this continent, one half has been by drunken drivers," he said.

Alcohol taken into the blood stream, affects the brain, taking away the ability to know right from wrong. "Now we find 13 year old boys and girls dead drunk," he said.

In face of all the adverse proofs of evil some newspapers and magazines are using a full page to blazon their wares, he said.

**BACKS PREMIER**

Mr. Lee said he admired the stand taken by the premier to buck the advertising of tobacco and liquor and all but four members of the legislature had backed the leader. "This is heartening," he said, "and a brave decision." "But," he continued, "if the tide is not stemmed, every corner store in British Columbia will be selling beer by the case, and British Columbia will be building bigger jails."

The number of broken homes will not be 3.3 as of today, he predicted, but one out of 24. Children from broken homes will be greatly increasing the number of welfare cases.

Hopefully he added, "We must never give up; causes that seem most lost, in the end gain victory."

"It is not the multitude that is with us, but God gives the strength to a against the stream," he concluded.

7th Brownie Pack Members Parade In Easter Bonnets

Gordon Elementary School was the scene of the 7th Kelowna Brownie Packs' Easter party on Wednesday.

Festivities began following the Fairy Ring and six songs, with several relay-type games and circle games. The girls then had a brownie type version of the Easter parade, each girl donning a homemade Easter

Hockey School Accepts Girls

**POTSDAM, N.Y. (AP)** — "Five-foot-two and eyes of blue."

That's not the kind of description you expect to find in a Stanley Cup program. But, if Bonnie Malek has her way, a lot of expectations may be changed.

Bonnie is 14 years old and last week she became the first girl ever admitted to the Kingston (Ont.) hockey school—and she says she has never heard of a girl admitted to any other.

Kingston is one of a number of Canadian hockey schools. It is run by Wayne Cashman of the National Hockey League's Boston Bruins.

"I don't think I want to play against him," says Bonnie. "Oh no! This has nothing to do with women's liberation. I'm against that."

"I can't see myself up against Phil Esposito or someone like that. But, I would like to go as far as my ability can carry me."

**AUSSIE ADVICE**

**LONDON (CP)** — Britons emigrating to Australia have been warned by a Sydney newspaper to take lessons in Aussie English before making the move.

"Pommes English is an insidious danger both to Australian culture and to the Australians as a distinctive people," the Sydney Sunday Telegraph says. "It is time we had compulsory accent lessons for migrants."

Engagement Announced

The engagement is announced of Kathleen Mary, daughter of Mrs. Theodore H. Evenson of Burlington, Ont., formerly of Montreal and of the late Mr. Evenson to Robert Alexander McCormick, son of Mr. and Mrs. Hugh McCormick of Kelowna. The marriage has been arranged to take place on May 23, in St. Malachy's Church, Montreal.

Bridge Club Teams Of Four

The next event for the Club members and visitors to the Okanagan for the Kelowna Bridge Club on Wednesday, is the "Rating Point" Session which begins play at 7:15 p.m. All bridge players are reminded that "Founder's Night" is the order of events for April 21st.

**PLAY RESULTS:** 16 tables - 16 teams of four. Event: "Teams of Four" composed of one pair Masters and one pair Non-Masters: 1. Mr. and Mrs. Ray Bowman and Fred Evans and J. Ruhl; 2. Mrs. Ron MacLean and Mrs. J. Fisher and Mr. and Mrs. Morris Diamonds; 3. Mrs. Warren Wilkinson and Dr. W. G. Evans and Mrs. C. Vick and Pearl Reid; 4. Clive Ashman and Mrs. Ruth Welder and Alan Reid and Gordon Heppeler; 5. Mr. and Mrs. Les Reel and Mr. and Mrs. Wes Funnell; 6. R. G. Phelps and H. Walter and Mrs. J. MacLellan and E. A. McKee.

HITHER and YON

Major Paul De Bogay of Lachine, Que. arrived in Kelowna Friday night. He will instruct a course in equitation, dressage, hunter jumping and stadium jumping at the Kelowna Riding Club during the Easter holidays.

Visitors here from Regina, Sask. are Mr. and Mrs. Jack McKenzie who are visiting with many old friends, while guests with Mr. and Mrs. Charles Dunn, Riverside Avenue.

In Kelowna to spend the Easter holidays are Mr. and Mrs. Harris, Linda and Rosemarie from Edmonton, daughter and son-in-law of Mr. and Mrs. John Cruise.

Mrs. Herb LaBounty leaves for West Vancouver today to enjoy the Easter vacation with their son Earl and Mrs. LaBounty and family.

Away to Edmonton for a few days holiday are Mrs. Arthur Vipond and daughter Sheri-Lyn of Raymore Road, Okanagan Mission. They were accompanied by Mrs. F. C. Moore.

Enjoying the Easter vacation here with their parents is Captain Kenneth Pettman of Petawawa, Ont., who is visiting with Mr. and Mrs. Charles Pettman of Long Street.

A surprise birthday party was held Saturday night at the home of Mr. and Mrs. William Rastick of Oyama when the former was honored on the occasion of his birthday. Several couples from Kelowna and Rutland brought a delicious supper with them and the evening was spent in games.

Easter holiday visitors with Mr. and Mrs. G. T. Wilkman of Okanagan Boulevard were their daughter and son-in-law, Mr. and Mrs. Andrew Wolfe of Vancouver.

Visitors from Nelson, B.C. were Mr. and Mrs. Clive Paul, and son, Kevin and Gordon and daughter, Shannon and niece Lori Erb, who enjoyed visiting with relatives and friends during the long weekend.

Alberta visitors with Mr. and Mrs. W. G. Laing of Knowles Road, Okanagan Mission, were Mr. and Mrs. Norman Hunter and R. Chowanick of Edmonton. Their daughter, Sharon Knox of Vancouver was also a weekend visitor with her parents.

Another Alberta couple enjoying the Easter holiday here are Mr. and Mrs. Arthur McCue of Gibbons, Alta., who are guests with Mr. and Mrs. George Running of Elorodo Road, sister and brother-in-law of Mrs. McCue.

Visitors with Mrs. Helen McHarg during Easter were her daughter and family, Mr. and Mrs. D. Myers and Donald and Bill from Smithers, B.C. Donald is attending George Pringle High School and, staying with friends at Peachland.

CAPSULE COMMENTS

From DYCK'S PHARMACISTS

Many people seem to be coughing and suffering certain other symptoms which are sometimes referred to as the "flu". These symptoms are often severe enough to cause people to consult with their Doctor and receive medication. If this is done, one should be sure and follow the instructions given by the doctor and indicated by his prescription. The so-called "flu" one person has, may not be the same sickness that another person has, even though the symptoms may appear to be the same. Therefore, it is important that we follow the Doctor's orders by taking the medication as directed for the prescribed length of time and don't try to treat the whole family with one person's medication. For pharmaceutical services, we are Dyck's Pharmacists at 545 Bernard Ave. at St. Paul.

Variety Of Topics Covered At Toastmistress Meet

On April 7, with the topic Forging The Link, the Kelowna Toastmistress Club held a most informative and educational meeting.

Mrs. George Higgins with her icebreaker, had all the members talking on their feet.

Mrs. Annie Alston and Mrs. T. S. Pittendrigh, with an educational feature, capably explained 'forging the link with the organization of Toastmistresses.

Mrs. Peter Romanchuk and Gwen Treloar received the speakers' award for their excellent maiden speeches. Mrs. Romanchuk's topic was, A Few Charming Remarks. She spoke on a Mini Charm Course—Improving ones' appearance by

ANN LANDERS

Some Criticism And Some Praise

Dear Ann Landers: I resent your consistent portrayal of homosexuals as an immoral, antisocial, obnoxious segment of society. I especially take exception to the letter from the Arizona homosexual. Why it is you would not allow the words "kike" or "nigger" to get into print, yet you let the word "queer" appear in your column, even though it is offensive to 20 million Americans. (Kinsey's statistics.) Furthermore, your conclusion that the straight student was approached often because he was "prettier than most guys" is a stereotypical fallacy—pure fiction.

Why do you treat 10 per cent of your readership as though there is no good side to their life style? Your low opinion of homosexuals is apparent from the selection of the letters you choose to print. Get with it or give up—Member Of The National Gay Liberation Alliance.

Dear Gay Lib: The letter below might be of interest to you since it deals with the same subject.

Dear Ann Landers: This is one the sincerest thank-yous you'll ever receive. I've always believed that only a homosexual could understand what it is like to be persecuted by ignorant people, but you, Ann Landers, have displayed unusual understanding. As a 23-year-old homosexual, I can tell you it's a rough life to be rejected and humiliated, but for boys 15 and 16 it's pure hell.

I appreciate your compassion. You are one person who prints the truth about homosexuality. Please keep reminding your readers that the trouble with the world is not that some people make love differently but that they don't love at all.—Love to you, Ann Landers.—Evanston.

Dear Evanston: Everyone likes to be appreciated. Thanks for writing.

And now, a word to Gay Lib who says I am misinformed. Sorry, you're wrong. It is no stereotypical fallacy that pretty males attract homosexuals. "Pink Tea Queens" (as they are called) are well aware of their girlish good looks and they use it to an advantage. This information comes to me from the homosexuals themselves and not from third-party researchers.

ANN LANDERS

Dear Ann Landers: I am 17 and have had this problem for over a year. Whenever I am asked for a date I get real excited about it and I look forward to having a good time. So what happens? About ten minutes before the guy shows up I get a stomach ache. By the time he arrives I feel rotten. I have these pains the whole evening and it's all I can do to force a smile and pretend I'm having fun. It kills me to see other girls laughing and enjoying themselves while I'm in pain—wishing I was dead.

Please tell me how to get over this ridiculous thing. I am Sick of Getting Sick.

Dear S.O.G.S.: Go to a doctor and learn whether or not an organic problem is causing the pain. Chances are good that the trouble is not in your stomach but higher up—like in your head.

People who are uptight, fearful and unsure of themselves often develop physical symptoms. Stomach aches and headaches are the most common. Hopefully the doctor will give you some medication or suggest counseling. Maybe both.

Dear Ann Landers: My wife and I have been married ten years and have saved enough money to build a small home. Two years ago my wife's brother who is a successful architect offered to draw up house plans as a gift. We thought he had forgotten about it but alas, he had not. Last night he presented us with a gift-wrapped blueprint, tied with a red ribbon. My wife and I were deeply touched. He must have spent days on those plans.

But unfortunately my brother-in-law's plans do not reflect our taste nor our needs. His very thoughtful gift has created a serious problem. He is a super-sensitive person and we'd hate to offend him. How do we unwind, with grace?—He of He and She.

Dear H and S: Buy brother-in-law a gift for his trouble and tell him you've decided to draw up your own plans, since you are a couple of nuts who have crazy ideas of your own.

**PERCENTAGE FIGURE**

In an average year, the apples produced in British Columbia account for about 45 per cent of the Canadian total.

SOME OF THAT NHL PLAYOFF ACTION

Montreal Canadiens' John Ferguson, left, falls on ice after driving the puck by Boston Bruins' goalie Gerry Cheevers and rolling over

Bobby Orr in the second period of their National Hockey League quarter-final Stanley Cup series Wednesday. Watching is Yvan Cournoyer (12).

Boston won the game 3-1, but the series now stands at 2-2, with the Bruins taking a 5-2 victory from the Habs Sunday in Montreal. Orr set a play-

off record in the encounter, scoring three goals, the most ever by a defenceman in one game. Play resumes Tuesday in Boston.

## IN THE WEST

# Hawks Advance Others Tied

By THE CANADIAN PRESS

Chicago's Bobby Hull began setting them up instead of banging them in and Minnesota's Charlie Burns matched his previous year's scoring as the Black Hawks and the North Stars registered wins Sunday in their National Hockey League quarter-finals.

Hull picked up three assists at Philadelphia as the Black Hawks dumped the Flyers 6-2, sweeping their best-of-seven West Division Stanley Cup series 4-0.

Burns, who scored only one goal in his first Stanley Cup series last year, fired the third-period winner at Minnesota as the North Stars won 2-1 to even their best-of-seven series with St. Louis Blues at two games apiece.

In Saturday's games, Chicago edged Philadelphia 3-2 and St. Louis blanked Minnesota 3-0.

The North Stars travel to St. Louis Tuesday, then return to Minneapolis Thursday. Chicago will meet the winner of the Toronto Maple Leafs-New York Rangers East Division semi-final series, now tied 2-2.

**HULL SETS UP 3**  
Hull, who has scored six goals in the series, set up one of Jim Pappin's three markers Sunday and both of Cliff Koroll's goals. Pappin gave the Hawks a 2-0 lead before the game was 10 minutes old, the first goal at 29 seconds and the second with Philadelphia's Brent Hughes in the penalty box.

Gerry Cheevers cut the margin to 2-1 before the period ended but the Hawks made it 3-1 in the second.

Then Koroll notched his pair before the third period was nine minutes old to make the score 5-1. Simon Nolet scored the second Philadelphia goal midway through the period but Pappin rounded out the scoring less than two minutes later.

Hull whipped in a pair of third-period power-play goals from a 2-1 deficit.

**START BRAWL**  
At the end of Saturday's contest, Hull and Philadelphia's Jimmy Mair exchanged punches, touching off a brawl in which all the players on the ice joined.

Hull and Mair picked up minor penalties for their involvement in the brawl, referee Bill Friday and linemen Matt Pavlich and George Ashley were forced to leave the ice under police escort.

The Black Hawks overwhelmed Philadelphia with 20 goals in the four games while allowing Philadelphia only two goals a game.

Chicago coach Billy Reay said his defencemen "were the key to the series. They kept the Flyers off."

Reay also had praise for Pappin, who was sidelined for 22 games this season with paralysis in his face.

"Pappin's been coming along nicely since the illness," Reay said. "We ask him to do a job and he does it."

**HAS NO PREFERENCE**  
"I don't care," Reay said when asked what team—Toronto or New York—he'd rather face in the semi-finals. "It makes no difference. We'll just go out there and try to play our best."

BOBBY HULL... unstoppable

CHARLIE BURNS... winner

Garry Unger put the Blues ahead 1-0 early in the first period at Minneapolis Sunday when he connected on a breakaway shot after stepping from the penalty box.

"He was turning away from the play and the puck went right to his stick," said Minnesota goaltender Gump Worsley. "If I had a size 33 arm instead of a 32, I would have stopped it."

But Bobby Rousseau tied the score early in the final period when he counted on a backhanded shot, ending Minnesota's scoreless streak at almost 112 minutes in the last three games.

Burns broke the tie with three minutes and eight seconds left in the game when he scored on a two-on-one break.

"I had my mind made up to shoot," Burns said. "It wasn't a very good shot. Maybe that's why it went in."

Frank St. Marselle, Noel Picard and Terry Crisp each scored Saturday as Ernie Wakely became the first goalie to register a playoff shutout this season.

PAGE 6 KELOWNA DAILY COURIER, MON., APR. 12, 1971

# Champ Charlie Takes Masters

AUGUSTA, Ga. (AP) — Golf fans can't call him "Charlie the Choker" any longer. Now it's "Champion Charlie."

Texas Charles Coody won the 1971 Masters Sunday and healed personal scars from his Augusta National collapse of 1969. He also destroyed Jack Nicklaus' dream of sweeping the Big Four championships this year.

"I was jittery from the first tee," admitted Coody. "Beating a great golfer like Nicklaus in the stretch is a big order for an average fellow like me."

Coody not only outgunned the sputtering Nicklaus, but withstood a stirring charge by 23-year-old Californian Jim Miller, the nervous kid who was six under par after 14 holes Sunday and leading the Masters by two shots.

Coody rolled in birdies on the 15th and 16th holes and made clutch pars on the final two to finish with a two-under-par 70 and a 279 total. Miller finally melted and settled for a 68 and 281, the same as Nicklaus mustered with a closing 72.

"My goofup in 1969 ate up my inside for two years," Coody said. "That's all over now."

Nicklaus' face mirrored his unhappiness.

"I gave it my best," he said, forcing a smile, "but it wasn't enough."

"Charlie Coody will be a great Masters champion."

Coody's back-to-back birdies on the 15th and 16th put him into the lead, but a clutch par on the 400-yard 17th "was the thing that won the Masters for me."

**SAVE PAR**  
The former Dallas Open and Cleveland Open king, never a major winner before, drove into a sand trap on the 17th, but made a fine seven-iron shot to the green's fringe and chipped within 30 inches to save the par.

Coody earned \$25,000 for the victory.

Behind runners-up Miller and Nicklaus were Gene Littler and Don January at five-under-par 283 on the 6,980-yard course. Ken Stoll and Gary Player rallied with windup 69s to deadlock Tom Weiskopf for sixth place at 284.

Defending champion Billy Casper was in with a 72 for even par 288, nine strokes poorer than the 279 he needed to tie the Littler a year ago before winning the Masters in an 18-hole playoff.

Four-time champion Arnold Palmer really made a run this time. His 73 Sunday gave the 41-year-old millionaire a 280 total, good for a tie for 18th place.

# Kings Take Firm Series Hold Others Remain In Doubt

By THE CANADIAN PRESS

Springfield Kings took a firm grip on their American Hockey League quarter-final with Montreal Voyageurs during the weekend, but the outcome of two other series remained in doubt.

The Kings defeated Montreal 4-2 Sunday to grab a 2-0 lead in their best-of-five set.

Providence Reds broke a 4-1 with two goals midway into the third period Sunday en route to a 6-5 win over Baltimore Clippers and a 2-1 lead in their best-of-seven semi-final.

In other Saturday games, Cleveland Barons took a 2-1 quarter-final lead, drubbing Hershey Bears 7-1, and Baltimore blanked Providence 3-0.

The Kings opened a 3-0 lead on two goals by Bill Orban and another by rookie Bill Mikkelson before Montreal finally hit the scoreboard with Germain Gagnon scoring twice 67 seconds apart in the third period.

Doug Volmar scored the fourth Springfield goal late in the game with Montreal goalie Wayne Thomas watching from the bench as the Voyageurs went with six attackers in an effort to tie the game.

Andy Brown turned aside 21 Providence shots at home Saturday when the Clippers evened their semi-final. Rick McCann, Kerry Ketter and Jean-Marie Cossette were the scorers.

But it was a different story Sunday in Providence as the Reds fired 37 shots at Brown with Chris Oddlefsen, Randy Rota, Neil Nicholson, Nick Polano, Bill Speer with the tie-breaker and Bob Ludeke providing the Providence punch.

Wayne Rivers and Fred Speck scored two each for Baltimore and Cossette had the other.

Bill Heindl, Barrie Meissner, Grant Erickson, John Goffon, Walt McKenchie, Joey Johnston and Roger Cole shared in the Cleveland blitz while Ted Snell scored the Hershey goal.

## STANLEY CUP EAST

# Orr Gets Into Groove Habitants Into A Rut

By IAN MacLAIN  
Canadian Press Staff Writer

Boston defenceman Bobby Orr got back into the record groove and New York Rangers finally discovered a successful formula in their National Hockey League quarter-finals Sunday night.

Orr scored three goals, the first time a defenceman has accomplished the feat in Stanley Cup play since 1927 when playoff marks were first recorded, to propel the Bruins to a 5-2 win over Montreal Canadiens and a tie in their best-of-seven series at two games apiece.

New York's persistent forechecking stymied Toronto Maple Leafs and the Rangers skated to a 4-2 win to even their series at two games each.

It was the first time since 1932—a span of 15 games—the Rangers had won a Stanley Cup game on the road.

The two series resume Tuesday night in Boston and New York.

Boston, the East Division schedule winner, and runner-up New York fell behind in their respective series Saturday, losing in Montreal and Toronto by 3-1 scores.

**ORR SCORES FIRST**

Orr, 23-year-old superstar from Parry Sound, Ont., who rewrote NHL scoring records for defencemen in each of the last two seasons, opened the Bruins' scoring Sunday, offsetting an earlier Montreal score by Frank Mahovlich.

His third went into an empty Montreal net after Canadiens' coach Al MacNeil removes goaltender Ken Dryden for a

BOBBY ORR... does it again

sixth attacker late in the game in a vain effort to tie the score. Boston's Don Awrey was serving a penalty at the time.

In Toronto, Rangers' forechecking kept the listless Toronto club off balance and the New Yorkers capitalized with two power-play goals and another with one of their men in the penalty box to open a 4-0 lead before the Leafs could respond.

"I thought our club played very well, in fact a great game," said Boston coach Tom Johnson, "one that could compare to our best efforts during the season."

He gave full marks to Canadiens' rookie goaltender Ken

FRANK MAHOVLICH... Hab spark

Dryden, whose play had sparked the underdog Montrealers in their two playoff victories over the Bruins.

**PRAISES DRYDEN**

"The Canadiens got phenomenal goaltending from Dryden, and they made us work for everything we got," Dryden was called on to make 34 saves, all but five of them in the first two periods.

Phil Esposito, Bruins' record-setting scoring champion with 152 points during the regular season, called Dryden's first-period save on him "the most unbelievable stop I've ever seen made in hockey."

He said he had the former

Cornell University star set up for an easy backhand score, only to have the goaltender's arm shoot out at the last instant to trap the puck.

It was a different story Saturday as the Canadiens seemed bent on upsetting the heavily-favored Bruins by taking their second straight playoff win behind Frank Mahovlich's two goals.

Despite the loss, Johnson said Saturday's effort was the best put out by Boston in the series, including their 3-1 win in the playoff opener at Boston Wednesday.

After Sunday's game, he said Boston had finally reached the calibre of play it exhibited best during the season on its way to shattering at least 35 single-season records.

# First Goal Is The Key One

Ranger coach Emile Francis got vocal support from his Toronto counterpart, John McLellan, when he said the key to winning their series will be a team's ability to score first in the game.

But that's where togetherness ended.

Francis said the Rangers exhibited in Sunday's game the sound positional skating that made them the most respected team in the East—outside of Boston.

The former NHL goaltender who is also general manager with the Rangers, said the big difference Sunday was that his players "weren't standing still."

"We know where we gotta beat them; forechecking them right in their own end."

Rangers No. 1 line of centre Jean Ratelle, flanked by Rod Gilbert and Vic Hadfield, the line many observers said Toronto had to stop to win the series, did their own stopping in Sunday's encounter.

They buzzed the Leaf goal almost unrelentingly throughout the game and only brilliant backstopping by goaltender Bernie Parent early kept the sluggish Toronto club from folding in the first period.

**RANGERS CARRY PLAY**  
Although Rangers outshot Toronto by only a 32-29 margin, the New Yorkers carried the play throughout with the exception of a few minutes in the third period when rookie Darryl

Sittler counted both Leafs' goals.

Rangers capitalized on their own errors as well as Toronto's as Bob Nevin and Vic Hadfield counted while the Rangers held a manpower advantage and veteran Ron Stewart notched his first goal in 50 games while the New Yorkers were short-handed.

"The key to our win tonight is we got the first goal," said Francis. "That's the cure for your ills in this series, that first goal."

He noted that Toronto had an edge in the previous three games after scoring the first goal although the Rangers did rebound to win the series opener.

Nevin, the Ranger captain, concurred. "Before we were playing catch-up. Tonight it was our turn and Leafs just didn't have it."

After Toronto turned power-play goals to their advantage Saturday night, Francis said outside the New York dressing-room:

"You make your own breaks. Power plays win you games; penalty killing saves it. They cashed in on the opportunities they got."

# THIS THE YEAR FOR DANNY? - By Mavor

LAST YEAR THE CLUB CHANGED ITS ON-THE-FIELD IMAGE, IMPROVED ONE GAME IN THE WIN COLUMN, AND MOVED UP 2 NOTCHES IN THE STANDINGS TO WIN THE NATIONAL LEAGUE EAST. FOR WHICH HIS 23 FELLOW MANAGERS VOTED—

## Two More Games For Rustlers

RED DEER, Alta. (CP) — Brian Ogilvie scored two goals as Red Deer Rustlers defeated Penticton Broncos 6-2 Sunday to take a 3-2 lead in the Centennial Cup Western Canada semifinal.

The Broncos, of the British Columbia Junior League, won the first two games of the best-of-seven series on home ice. Red Deer, of the Alberta Junior League, replied with three consecutive victories on Rustlers' ice and only need one more victory to claim the series.

The sixth, and possibly final game, will be played tonight in Red Deer. A seventh, if necessary, will be here Tuesday. Red Deer led 3-1 Sunday after the first period and 5-2 after two.

Terry Wedderburn, Leo McDougall, Doug Stumpf and Lorne Bartel were the other Red Deer scorers. Gary Donaldson and Vic Merceredi netted the Penticton goals.

Rustlers scored two power-play goals and another while playing a man short. Penticton counted once on a power play. Red Deer took six of 11 penalties handed out by referee Bill Fletcher of Edmonton. Dale Henwood of Red Deer stopped 10 shots in the first half of the game. Graham Parsons took over the goaltending duties and stopping nine Penticton drives the rest of the way.

Dave McLelland of the Broncos made 29 saves, including 14 in the second period.

Rustlers scored two goals in each of the second and third periods Saturday night and blanked the Broncos 4-0.

The Rustlers got goals from Brian Ogilvie and Dwayne Bolkow in the second period and from Lorne Bartel and Leo McDougall in the third.

## Centennials Win In Overtime

CHILLIWACK, B.C. (CP) — Vancouver Centennials defeated Chilliwack Bruins 7-6 in a game that went into two overtime periods Saturday night to tie the British Columbia Junior Hockey League best-of-seven semifinal playoffs 2-2.

Gordon Stewart scored Centennials' winning goal at 7:47 of the sudden-death overtime period after Neil Murphy of Vancouver and Mike Randolph of Chilliwack had each scored during the first 10-minute overtime period.

Randolph had three of Chilliwack's goals, in addition to an assist. Greg Reid, Denis Andersen and Ross Smith had the other scores.

For Vancouver, Tom Reilly scored twice and had an assist, while Neil Murphy, Bob Gaston, Ken Wright and Jim Chapman added the others.

Lionel Trudell stopped 49 shots in the Vancouver net and Dave Maynard stopped 51 for Chilliwack. Lee Holm replaced Maynard at 9:35 of the first overtime period and blocked 11 shots.

**SUMMARY**  
First period: 1. Vancouver, Gaston (Todd) 10:38; 2. Chilliwack, Reid (Davies) 14:06; 3. Chilliwack, Randolph (Carmichael) 15:57. Penalties: Casper 6:53; Casper 7:02; Reilly 7:12:08; Grieschner 8:19:48.  
Second period: 4. Vancouver, Wright (Lewis) 5:08; 5. Vancouver, Reilly (Stewart) 11:14; 6. Chilliwack, Andersen (Meisler, Randolph) 12:48. Penalties: Kreibitz 8:31; Reilly 12:02; Reilly 15:31.  
Third period: 7. Vancouver, Reilly (Gaston) 4:15; 8. Chilliwack, Randolph (Andersen) 9:53; 9. Chilliwack, Smith (Kremp, Lavigne) 12:20; 10. Vancouver, Chapman (Casper, Stewart) 12:54. Penalties: none.  
First overtime period: 11. Vancouver, Murphy (Reilly) 4:48; 12. Chilliwack, Randolph (Davies, Grieschner) 9:35. Penalties: none.  
Second overtime period: 13. Vancouver, Stewart (Gaston, Chapman) 7:47. Penalties: none.  
Shots on goal: Vancouver 16 22 15 4 12—69; Chilliwack 15 16 12 5 7—55.  
Goalkeepers: Vancouver, Lionel Trudell; Chilliwack, Dave Maynard, Lee Holm.  
Attendance: 2,348.

## BASEBALL'S WEEKEND

# Reds May Be In A Bad Way But Pitchers Are Worse Off

By THE ASSOCIATED PRESS

If you think Cincinnati Reds are off to a bad start, consider the plight of Wayne Granger, their ace relief pitcher.

The Reds, defending National League champions, have played four games so far this season and they've lost them all.

They've called Granger out of the bullpen three times and their No. 1 fireman now has an 0-3 win-loss mark.

Granger's latest setback was Sunday when Jerry Grote lined his first pitch into the left field seats for the only run in New York Mets' 1-0 victory over the Reds. Saturday, Granger's two-

out bases-loaded wild pitch in the 11th inning allowed the Mets to score the winning run and started his lost weekend, 3-2.

In other National League action Sunday, Philadelphia Phillies shelled Montreal Expos 11-4, Atlanta Braves trimmed Pittsburgh Pirates 3-1, Houston Astros downed Chicago Cubs 7-

4, San Diego Padres whipped Los Angeles Dodgers 9-7 and St. Louis Cardinals split a doubleheader with San Francisco Giants winning 4-2 before losing 7-2.

In Saturday's other games, Houston trimmed Chicago 2-1, Philadelphia topped Montreal 4-1, Atlanta nipped Pittsburgh Pirates 5-4 in 12 innings, Los Angeles bombed San Diego 9-2 and San Francisco defeated St. Louis 6-4.

## REDS TRY FOUR

Granger was the fourth pitcher used by the Reds against the Mets with Greg Garet, Milt Wilcox and Clay Carroll matching shutout serves with New York's Tim Lincecum for the first nine innings.

Seaver left for a pinch hitter in the bottom of the ninth and Tug McGraw took over in the 10th and was the winner.

Los Angeles fell victim Sunday to Nate Colbert's big bat. Colbert walloped two home runs and drove in six runs as the Padres saddled the Dodgers with their fourth loss in six games.

The two homers gave Colbert five in six games and the big first baseman has driven in 14 runs. Colbert unloaded a three-run shot against Don Sutton in first swing and then tagged Sutton for a two-run homer in his next at bat.

Willie Mays' home-run streak ended but the veteran star belted a double and triple to drive in two runs in San Francisco's second game victory over St. Louis. Juan Marichal earned the victory.

**MAYS TAKES A REST**  
Mays, who homered in each of the Giants' first four games, sat out Sunday's opener and Bob Gibson limited San Francisco to six hits to gain the victory.

Rookie Roger Freed rifled his first major league homer—a grand slam—and drove in five runs to lead the Phillies past Montreal. Freed hit the first pitch from reliever Howie Reed in the fifth inning, breaking the game wide open.

Cesar Cedeno drove in three runs—two of them with a triple—and Don Wilson survived a rocky first inning as Houston whipped Chicago.

Orlando Cepeda's seventh-inning homer tied the score and then the Braves scored two runs in the eighth to beat Pittsburgh.

## Brewers Boast 3-1 Record

By THE ASSOCIATED PRESS

Marty Pattin, a 5-foot-11, 180-pound right-hander, notched his second American League victory for Milwaukee Brewers Sunday with a three-hit 3-0 blanking of California Angels. That put the Brewers atop the West standings with a 3-1 record.

After a 7-12 record and 5.60 earned-run average with Milwaukee's Seattle predecessors in 1969, Pattin posted a 14-12 mark last season and lowered his ERA to 3.40. He credited a diet which requires at least eight glasses of water a day and helped him shed 15 pounds.

Elsewhere Sunday, Minnesota Twins whipped Chicago White Sox 6-0, Kansas City Royals outslug Oakland Athletics 10-5, Baltimore Orioles dropped their opener to Detroit Tigers 5-4 in 11 innings but won the nightcap 9-3, Cleveland Indians trounced Boston Red Sox 7-2 and New York Yankees split with Washington Senators, winning 1-0 and losing 4-3.

In Saturday's play, Cleveland outslug Boston 11-10, Baltimore edged Detroit 2-1, New York blanked Washington 6-0, Milwaukee defeated California 4-3, Oakland downed Kansas City 5-4 and Minnesota clipped Chicago 5-3.

Pattin got the only run he needed against California in the first inning when Dave May doubled off Tom Murphy and scored on a single by Andy Kosco.

**TWINS BLANK SOX**  
Jim Kaat, a good hitting pitcher, scattered 11 hits as the Twins blanked the White Sox. He also collected a single and double, drove in two runs and scored one while boosting his lifetime mark against Chicago to 26-9.

Kaat put the Twins ahead in the third when Jay Johnstone lost his fly ball in the sun and it fell for a double.

Kansas City erupted for four runs in the first inning and went on to pound four Oakland pitchers for 15 hits. Loser Jim Hunter was tagged for first-inning singles by Freddie Patek, Joe Keough, Lou Piniella, Ed Kipparick and Cookie Rojas and Paul Schaal's double.

Just when it was beginning to look as though the Orioles might never lose a game, Bill Freehan's 11th-inning home run lowered the boom in the opener despite a homer, double and two singles by Brooks Robinson. The Birds then broke loose for five runs in the first two innings of the nightcap and coasted behind Dave McNally's seven-hit pitching.

Pitcher Alan Foster touched off a five-run rally with an eighth-inning double as Cleveland sent the Red Sox to their third straight defeat.

Curt Blefary's second-inning inside-the-park homer and Steve Kline's five-hit pitching enabled the Yankees to nip the Senators in their opener. But Bernie Allen cracked a two-run pinch single and Blefary's error let a third run score on the play as the Senators tallied four times in the sixth inning of the late game.

## Southern Ontario Heads List At Youth Bowling Rolloffs

VANCOUVER (CP) — Southern Ontario topped the aggregate standings Sunday after two rounds of match play in the seventh annual National Youth Bowling Council championships in suburban Burnaby.

Southern Ontario had 894 points, five more than Alberta. Northern Ontario had 880, British Columbia 863, Saskatchewan 817, Manitoba 470, and Newfoundland 401. Newfoundland and Manitoba each had a bye in one round Sunday.

The competition is being scored on the Peterson point system with a point awarded for every 50 pins knocked down and an additional point for each victory.

In divisional competition, Kevin Streit of Stettler, Alta., sixth-place finisher a year ago and the 1968 champion, led the bantam boys with 32 points, followed by Grant 27, Revelstoke, B.C., with 27.

Cathy Morgan of Richmond, B.C., who entered the national championships for bantam girls by winning the provincial round by a single pin, led Anita Tascia of Toronto, representing Southern Ontario, by four points, 29 to 25.

Alberta topped the team standings in the division with 107 points, one ahead of Northern Ontario. The bantam boys division had Southern Ontario in front with 112 points, five more than Northern Ontario.

Tom Ryplen of Trail, B.C., had a three-point lead over Brian Gagnon of Sudbury, representing Northern Ontario, 33 to 30.

**Saudi Arabia Sees Heavy Snow Fall**  
JEDDAH (Reuters) — Snow lay five feet deep in some parts of the desert kingdom of Saudi Arabia.

**OF INTEREST**  
The bowfin, a fish of the Great Lakes, is considered to be of scientific interest as a modern survivor of a group of armored fishes numerous in the remote past.

**GOALKEEPERS**  
Vancouver, Lionel Trudell; Chilliwack, Dave Maynard, Lee Holm.

**BASEBALL STARS**  
By THE CANADIAN PRESS  
**BATTING**—Nate Colbert, Padres, drove in six runs with his fourth and fifth home runs of the season and a sacrifice fly, tying the club record, in a 9-7 triumph over Los Angeles.

**PITCHING**—Marty Pattin, Brewers, blanked California 3-0 on a three-hitter for his second victory of the season.

## German-Canadians Win Opener In Okanagan Soccer League

Kelowna German-Canadians, defending Okanagan Valley Soccer League champions opened their 1971 schedule with a 7-2 victory over Vernon Kings in Kelowna Sunday.

Harry Stienstra opened the scoring for the German-Canadians, with Wayne Schram getting his first of two goals 15 minutes later, while Tony Ambrosio made the count 3-0 at the 30-minute mark.

Vernon came back with two quick goals before the half to make it 3-2 going into the final frame.

It was all Kelowna in the second half however, as Eric Tasker picked up a pair of goals for the winners, while Schram and Fred Molzahn scored the others.

In other league-openers April 4, Kelowna Monties edged Penticton Frontiers 4-3, and Vernon Rangers shutout Penticton Canadians 3-0.

In games upcoming this Sunday, Vernon Rangers meet Vernon Kings, Penticton Frontiers tackle Penticton Canadians, and German-Canadians meet the Monties in Kelowna.

There's a lot of give and take in the new Corona.

That's really what owning a car is all about. How much does it give. How much does it take.

With the Corona you get a car that can take life's lumps, bumps and hard knocks and come up looking for more. We equipped it for the roughest roads, the hardest driving and the worst possible climates. We made it tough but we also made it comfortable. The Corona gives you all the luxury features and all the safety extras at no extra cost. And there's another thing Corona gives you, a break on price. It costs \$2499\* (everything included) and gives you over 30 miles per gallon.

Give yourself a break. Take a look at the Corona before you buy your next car.

\*Corona's low price includes a 108 hp overhead cam engine, power-assisted front disc brakes, an electric rear window defroster, fully reclining bucket seats, carpeting, tinted glass and more.

##### REGIONAL DISTRICT OF CENTRAL OKANAGAN BY-LAW No. 38

A by-law to authorize a submission to the owners of land within Electoral Area C and the defined area of Electoral Area A as set out in Appendix A attached hereto, on the question of participation in the function of providing "change room, locker and shower facilities and pool renovations at the Rutland Swimming Pool". WHEREAS the Regional Board of the Regional District of Central Okanagan has been requested to undertake to provide change room, locker and shower facilities and pool renovations at the Rutland Swimming Pool as a function of the Regional District for Electoral Area C and the defined area of Electoral Area A as set out in Appendix A attached hereto, and WHEREAS the Regional Board of the Regional District of Central Okanagan deems it necessary and advisable to provide change rooms, locker and shower facilities and pool renovations at the Rutland Swimming Pool, and WHEREAS the Regional Board of the Regional District of Central Okanagan deems it advisable that the cost of undertaking the function of providing change rooms, locker and shower facilities and pool renovations at the Rutland Swimming Pool be recovered by a levy, in the manner prescribed in the Municipal Act of a maximum of one mill in Electoral Area C and 1/2 mill in the defined area of Electoral Area A, as set out in Appendix A attached hereto, to provide the sum required for each year commencing with the year 1972, on land and improvements on the basis of assessment fixed for school purposes, excluding property that is taxable for school purposes only, by Special Act.

NOW THEREFORE the Regional Board of the Regional District of Central Okanagan, in open meeting assembled, enacts as follows:

1. A poll shall be taken of the owners of land qualified to vote within Electoral Area C and the defined area of Electoral Area A, as set out in Appendix A attached thereto, in accordance with the provisions of the Municipal Act to determine whether or not the owners of land wish to participate in the function of providing change rooms, locker and shower facilities and pool renovations at the Rutland Swimming Pool.
2. The poll shall be taken on the 23rd day of April, 1971 between the hours of 8:00 in the forenoon and 8:00 in the afternoon.
3. An advance poll shall be conducted at the office of the Regional District of Central Okanagan, 540 Groves Avenue, Kelowna, British Columbia, between the hours of 8:00 in the forenoon and 5:00 in the afternoon, on the 20th day of April, 1971. And those permitted to vote at the advance poll are those who, being qualified to vote, sign a statement that they expect to be absent from the area on polling-day, or they are, for reasons of conscience prevented from voting on polling day.
4. The question on the ballot shall read: "Are you in favour of sharing, jointly with Electoral Area C and the defined area of Electoral Area A as defined in By-law No. 38 of the Regional District of Central Okanagan to provide change rooms, locker and shower facilities and pool renovations at the Rutland Swimming Pool at an estimated maximum capital cost of \$45,000, to be repaid over a 4 year period, commencing with the year 1972, on the basis of an annual tax levy of one mill in Electoral Area C and 1/2 mill in the defined area of Electoral Area A."

This By-law may be cited as "The Rutland Swimming Pool Change Room, Locker and Shower Facilities and Pool Renovations Function Referendum By-law No. 38, 1971."

TAKE NOTICE that the above is a true copy of the By-law authorizing the submission of the question therein set forth for the assent of the owner-electors of the electoral areas set out therein and upon which question the vote of the owner-electors of the said electoral areas will be taken at the Rutland Centennial Hall, Dillman Room on the 23rd day of April, 1971, between the hours of eight o'clock in the forenoon and eight o'clock in the afternoon, and that A. T. Harrison has been appointed returning officer for the purpose of taking and recording the vote of the electors.

Dated at Kelowna, British Columbia, this 8th day of April, 1971.

A. T. HARRISON,  
Secretary-Treasurer

#### Car Door Thief Was Grateful

BUFFALO, N.Y. (AP) — The young woman left a bowling alley last week, looked at her sports car and discovered both doors missing. Police said she told them, she received a telephone call at the alley from a man who said: "I want to thank you personally. I'm out of a job and I really needed them." Police estimated the doors were worth \$400.

#### Those Bullets Unbelievable

By THE ASSOCIATED PRESS

It was almost unbelievable what Baltimore Bullets did to New York Knicks.

Given up for dead by almost everyone after losing the first two games to the defending champion Knicks in their National Basketball Association playoff series, the injury-ridden Bullets executed an about-face Sunday and walloped the Knicks 114-88.

It was the worst drubbing the Knicks have absorbed since their 22-point licking, 135-113, by Los Angeles in last year's playoffs.

"If we play up to our potential with the players we have left, we can still win," declared Baltimore coach Gene Shue after the Bullets had cut the Knicks' lead to 2-1 in the best-of-7 series in Eastern Conference final.

The Bullets, with stars Gus Johnson and Kevin Loughery still sidelined with leg injuries, now even the series by winning the fourth game at Baltimore Wednesday night.

**BUCKS BEAT LAKERS**  
Form stood up in the NBA Western Conference final Sunday as Milwaukee Bucks again trampled Los Angeles 91-73 for a 2-0 lead in their series. The third game will be played Wednesday in Los Angeles.

Led by Earl Monroe's 31 points and Wes Unseld's 28 rebounds, the Bullets virtually blew the Knicks off the court in the second half at Baltimore. Veteran Wilt Chamberlain outplayed youthful Lew Alcindor, but the Lakers couldn't overcome the all-around teamwork of the Bucks at Milwaukee.

Big Wilt was the game's high scorer with 24 points and dominated both boards. Alcindor led the Bucks with 22 points.

**MAJOR EXHIBITION**  
HALIFAX (CP) — St. Paul's Church is lending its Queen Anne silver communion plate for a major exhibition of Canadian silver here during April. The exhibition is to include a wide range of silver made in Canada. The Nova Scotia display includes a chalice and paten by Peter Nordbeck, prominent Halifax silversmith.

## Space Race Doesn't Exist Claim Russian Scientist

MOSCOW (AP) — Ten years ago this week the Soviet Union startled the world with the announcement it had sent a man into orbit. A space race between the Soviet Union and the United States followed, but on the eve of the anniversary a prominent Russian scientist denies there is a race today.

The reason, says Soviet academician Boris N. Petrov, is that the Russians refuse to make it a competition. Soviet scientists, he asserts, have their sights on distant spectacular goals requiring a careful step-by-step program—and co-operation with other countries is possible.

Yuri Gagarin, now dead, was the Russian sent into earth orbit April 12, 1961.

For the next five years, the Russians produced one manned space feat after another—the first multi-orbital flight, the first flight of two manned spaceships at the same time, the first spaceship with two men aboard, the first woman in space, the first space walk.

Starting in 1965, the U.S. began to set endurance records, and in the following years achieved space rendezvous and docking and finally landed on the moon, scoring what Soviet experts acknowledge to be an unprecedented success in space research.

True to Soviet space tradition, Petrov, who is a ranking official

in the Soviet space program, declines to say when the next Soviet manned flight will come. But he confirms the Soviets are preparing for orbital laboratories, which some U.S. experts have been predicting will be launched this year.

"The time will come when we create orbital stations with periodic changes of crews," Petrov says. The Soyuz 9 flight last June—the nearly 18-day record endurance flight of Andrian Nikolayev and Vitaly Sevastyanov—was the most recent Soviet manned flight. Petrov said it "proved that man can live and work in space for a long time."

**NEED MORE RESEARCH**

However, he added, "readaptation to earth conditions takes a rather long time and is rather complicated and will require further investigation and research."

**DANISH ORIGIN**

There are more than 40,000 people of Danish origin in Canada.

#### Madigan Scores WHL Knockout But Gulls Outscore Portland

SAN DIEGO, Calif. (AP) — Rugged Portland defenceman Connie Madigan landed a Sunday punch to the jaw of referee Dave Newell Sunday night, scoring a knockout during a wild 5-4 overtime victory by San Diego Gulls over Portland Buckaroos in a Western Hockey League playoff game.

Newell was unconscious on the ice for about four minutes until revived by San Diego trainer Bill Boaz.

Play was stopped in the third period when Irv Spencer of San Diego and Norm Johnson of the Buckaroos started stick swinging.

Newell tossed both out of the game with match penalties and Madigan apparently didn't like the call.

"He was talking to Newell but he wasn't facing him," said Gull winger Earl Heiskala. "Madigan was cussing at the referee and Newell put up with it for about a minute. Then he turned and told him (Madigan) he was being charged with a misconduct."

The penalty, coming with 8:41 to play, meant that Madigan would miss the rest of the game. "He hit him with a helluva punch," said Gull assistant coach Jack Evans.

"He had his hand wrapped around his stick and when he hit Newell, he just staggered and fell over."

Madigan was banished from the game and was unavailable for comment later.

#### PLAYOFF LEADERS

By THE CANADIAN PRESS

Boston's Bobby Orr set modern-day Stanley Cup record for a defenceman Sunday, scoring three goals in the Bruins 5-2 upset of Montreal Canadiens. Orr trails Bobby Hull of Chicago by one point in the National Hockey League's playoff scoring race.

Hull picked up three assists as Chicago beat Philadelphia Flyers 6-2, ending their quarter-final series in four straight games. Hull has 10 points of six goals and four assists while Orr has five goals and four assists.

The leaders:

	G	A	P
R. Hull, Chi.	6	4	1
Orr, Bos.	5	4	1
Mikita, Chi.	2	6	2
Stapleton, Chi.	2	5	2
Esposito, Bos.	1	6	7
Henderson, Tor.	5	1	1

## Easter Eggs On Display

By URSULA SURTEES

Easter is a time for rejoicing. Something inside all of us seems to respond to the lifting of winter's icy hand. The first, midwinters—the longer evenings and the glorious though short bursts of spring sunshine, all combine to lift the spirit. Long before Christianity came to the world, the ancients were celebrating the arrival of spring, and many of our Easter traditions can be traced to pagan beginnings. The Easter egg is based on the egg as a fertility symbol.

This year over the Easter period we are again privileged to have an exhibit of the work and collections of Mrs. Shirley Buchy. This displays the ancient Ukrainian art of egg decorating at its best. These beautiful hand designed and colored eggs are world famous. The Ukrainian people have combined a natural enthusiasm for life and color, with their deep spiritual convictions, resulting in traditional designs going back for centuries, blending in with Christian symbols on the intricately decorated eggs (Pysanky).

The actual work is accomplished by the use of dyes and in a method similar to batik work. Some of the eggs require up to eight hours work before they are completed. Color also has significance. Red stands for love, purple grants majesty, and blue expresses the wish for good health. Again we see a parallel with ancient beliefs, as purple has been associated with royalty and chieftains since dyes were first discovered.

Also included in the exhibit are traditional embroideries and costumes. One can imagine the long ribbon streamers swirling around the figures of the girls as they dance with their bootied, fur-trapped partners. The velvet tunic, wide sleeved embroidered blouse and colorful skirt and apron complete the girls' outfits. White tunics and shirts, topped with a bright embroidered waistcoat or cloak, and Cossack type pants, are worn by the men.

## Fashion Show In Winfield Hall

A fashion show was held at the Winfield Memorial Hall April 7.

The hall was transformed into a spring garden with blossoming trees, large colorful paper tissue flowers adorning the red carpeted runway. Spotlights were affixed at strategic points on the runway to add more glamor to the show.

Misses of Ceremonies, Mrs. Sigh Kobayashi, chic in a black pant dress welcomed the 200 fashion conscious men and women and introduced Lionel McCarthy, who played the background music, and commentator Mrs. Max Day.

Mrs. Day, very mod in a purple midi skirt, mauve period blouse and high boots, modelled her outfit before taking her place at a table under a large patio sun umbrella.

A hush settled over the crowd as the show began. Blonde Mrs. Les Schaefer, secretary at Wood Lake School beguiled the audience with her hot pants outfit. Her brown herringbone tweed walking suit with apricot accessories was a real favorite.

Pert and pretty Mrs. Jack McCarthy, a young mother of three was cute in a navy and white polka dotted jersey Hot Pant outfit with matching jacket, but stunning in an emerald green Peruvian Print accordeon pleated from neck to ankle batwing shaped hostess gown.

Mrs. Gordon Johnson, an active community worker, was glamorous even in her golfing outfit as well as looking very demure in a print grannie hostess gown.

Teen-agers, Dale Nairne and Maureen Corbett advanced the summer season by modelling bikinis, worn with bright color shirts.

Ellen Gatzke, a grade 12 student at George Elliot Secondary stopped the show with her very smart red and white pant suit, worn with a jockey styled hat.

Isabel Kunstar, the youngest model catered to the "jean-set" with her saucy modelling of the fringe look and a fun wearing midi-coat.

## You're never too old to hear better

Chicago, Ill.—A free offer of special interest to those who hear but do not understand words has been announced by Bellone. A replica of the smallest Bellone aid ever made will be given absolutely free to anyone answering this advertisement.

Try it to see how it is worn in the privacy of your own home without cost or obligation of any kind. It's yours to keep free. It weighs less than a third of an ounce, and it's all at ear level, in one unit. No wires lead from body to head.

These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. Write to Dept. No. 2410, Bellone Electronics Corp., 4201 W. Victoria, Chicago, Ill. 60646.

must look forward to those.

Mrs. Buchy has won much recognition for her skill in this beautiful and traditional art. In 1966 at the Ukrainian Festival in Manitoba she was awarded top honors. In the October 1970 issue of the National Geographic magazine there is a picture of Mrs. Buchy's artistic achievements. We are pleased to be able to show this display from April 5 to 18 inclusive.

**LARGEST OF TYPE**  
The CNR car terry Abegweit, which piles between Cape Tormentine, N.B., and the port of Borden, P.E.I., is considered to be the largest ice breaker of its type.

### Westbank Meeting Moves To April 20

**WESTBANK (Special)**—Westbank Community Hall and Recreation Association held their annual meeting in the hall on April 5. There was such a poor attendance that members decided to call the annual meeting again on April 20, 1971. The hall needs much more support according to the president and he asks help of all those parents with young people using the hall, i.e. guides and brownies, etc., square dancers, Chamber of Commerce, Lions Club, BCFGA, Irrigation District, Co-op Growers, those making use of the hall for dances, weddings and so on.

## Okanagan Historical Society Elects New Executive For '71

J. L. Piddocke was re-elected president of the Kelowna branch, Okanagan Historical Society's annual meeting.

Re-elected to other top posts were Mrs. J. B. Upton, vice-president; J. J. Conroy, treasurer; and R. C. Gore, secretary. Mrs. Duncan Tutt, Mrs. John Surtees, Herbert Keating, Allan Lansdowne, E. T. Sherlock, D. S. Buckland, Hume M. Powley,

G. D. Cameron, J. L. Neave, F. G. DeHart, J. E. Marty, L. N. Leathley, Fraser Black, William Spear, and Howard Carruthers were elected directors.

J. V. H. Wilson, of Naramata, discussed the growth of British Columbia in light of Pierre Berton's book, *The National Dream*.

The discussion was based on the obstacles which had to be

overcome by those engaged in planning, engineering and construction of the Canadian Pacific Railway as well as the political fights which were prevalent during the period.

Members were informed of the society's annual meeting in Vernon May 2, with Dr. H. Campbell-Brown, local archeologist, as guest speaker.

The group's annual picnic and field day will be held June 13 at the Father Pandosy Mission.
